

The Story of a Turret Captain
Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. P. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turret Captain. His pay today is \$165.76 per month.

A man's life — among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

Shove off! - Join the U. S. Navy

CHURCH PROGRAM PLEASES LABOR

Federation Leader Says Catholic Reconstruction Plan Has Workers' Backing.

WAGE EARNERS WELCOME IT.

Support of Catholic Church Valued by Labor Men, as They Work for Social Betterment, He Declares.

Chicago.—John Fitzpatrick, president of the Chicago Federation of Labor and chairman of the National Committee for Organizing Iron and Steel Workers, has responded for organized labor to the reconstruction pronouncement recently issued from the National Catholic War Council, welcoming and valuing most highly its expressed co-operation in the task of reconstruction to which labor has set itself. In a statement outlining the attitude of the laboring man toward this program of social reconstruction Mr. Fitzpatrick says:

"Nothing has appeared in a long time that will be of more substantial benefit to the cause of organized labor and of economic justice than the social reconstruction program of the National Catholic War Council. The four bishops who have signed this program and issued it to the world are entitled to the heartfelt thanks of every wage earner who has the interests of his fellows at heart, and both they and the Church will receive his thanks and appreciation in full measure. In the same measure they should receive the thanks of every good Catholic, for in heartening labor they have also given a splendid proof that the Church is equal to the demands of the times and is applying its ancient and unchanging principles to modern conditions in a way that makes for the progress and general well-being of the race.

"The program of the National Catholic War Council is virtually the program of organized labor as expressed by the official declarations of the American Federation of Labor and the program of the Chicago Independent Labor party. Its declarations in favor of maintaining the present wage rate and progressively raising it, while at the same time taking steps to reduce the cost of living and to control large fortunes, constitute the strongest possible support for the position taken by organized labor. It should be printed in its entirety in every labor journal in the country. Nothing will do more to strengthen the cause of orderly but fundamental economic reform as opposed to the plans of those who would destroy our entire civilization at one blow in the hope of bettering the conditions of the masses. It is an adequate program provided it can be accepted and promptly carried through as a program of action. It is not a visionary program; it is not the picture of a Utopia to be realized in the far-distant future. It is what labor demands now, and those who wish to avoid the excesses and dangers of a violent and bitter upheaval can do nothing better than to acknowledge its true conservatism and aid organized labor in putting it into practice. I must agree with its authors that conditions in America are far less disturbed than in European countries, yet I believe it would be a serious mistake not to realize that the workers and producers of America are in a mood for action.

"In nearly every respect the program of the National Catholic War Council is so comprehensive and so adequate to the needs of the times that I am confident its wide publication and its adoption by a political party pledged to carry it out would satisfy the needs of a large number who are on the point of breaking from their old moorings and joining with such hitherto inconsiderable groups as the Socialists. It is the sign which has been greatly needed that we can achieve the reforms on which our hearts are set without breaking all the traditions of the past, good as well as bad.

"This program should be evidence to many who have opposed labor's aims without understanding them that labor speaks today in the interests of all society, in the interests of true conservatism. It is not men who have changed. We are merely applying those principles to new conditions that have arisen very rapidly—so rapidly that many have failed to realize them. It is sufficient for those who doubt the need to ponder the statement here set forth with unquestionable authority that a considerable majority of the wage earners of the United States, both men and women, were not receiving living wages when prices began to soar in 1915 and that since 1915 the average rate of pay has not increased faster than the cost of living. Labor knows these bitter truths, and labor has reached the point where it is determined to change these rotten conditions, conditions which mean the destruction of Christian society if they continue. In performing the task of reconstruction to which it has set itself labor welcomes and values most highly the co-operation and support of the Church, and the Church will gain along with labor as a result of the splendid pronouncement of the four representative bishops who have signed this report."

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Yale residents recommend Doan's Kidney Pills. Read this Yale statement:

Mrs. Jos. Flynn says: "A couple of years ago I was suffering from a dull, dragging ache in my back, which kept me on pins and needles. I had to let up on my housework for fear over-exertion would bring on that lame feeling which was so bothersome. My kidneys were weak in action and otherwise annoying. Someone recommended Doan's Kidney Pills to me and I used two boxes. They took away the lameness in my back and put my kidneys in good working order. Doan's Kidney Pills are a first rate medicine."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Flynn had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NIGHT AND DAY CAMP IS LIFE SAVING STATION

Tuberculosis kills 150,000 persons in the United States every year. These two women escaped. They are shown in the Night and Day Camp conducted by the St. Louis Society for the Relief and Prevention of Tuberculosis. They are among the fortunate ones because they knew how to take care of themselves when this great menace threatened them. They knew that the cure lies in plenty of fresh air, even if the temperature is away below freezing, sunlight, good food and rest under proper medical supervision. Tuberculosis is not only curable but is preventable as well. The prevention lies largely in right living, in building up a strong bodily resistance. Eight out of ten persons are infected at some time in their lives, according to figures of the National Tuberculosis Association, the leading agency in the United States in the fight upon this disease. This organization is sponsor for the annual Red Cross Christmas Seal sale, from which the funds to carry on the work throughout the year are chiefly derived.

Style Certainty Demands Early Suit Choosing

The wise woman will not tarry, if she would get that suit she has planned for this fall. The late buyer is bound to be disappointed.

Instead of the better styles coming in twos and threes as is usually the required number to fill the wants of style seekers, there is but one of a kind.

Right now the showing at this store is exceptionally good.

There are plenty of new suits now, and many are seeing and choosing. We HOPE to have a steady influx of suits all season, but if you choose now, you need not worry about future scarcity or higher prices.
